

Hi, everyone!

I am so glad you are joining me for the Peacemakers Not Peacekeepers Session during the 2025 Bible Journaling Ministries *Blessed* Conference! It will be a journal-along-with-me type session with the attached printables (in different sizes) available for you to trace. We are going to have a great time diving into God's Word together!

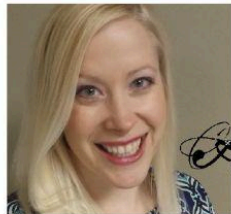

For those of you who like to prepare ahead, here are the supplies I will be using in my session:

- Dayspring Illustrating Bible (You can use any journaling Bible, journal, or just sheet of paper!)
- A pencil to trace the image
- Something to color with! I will be using watercolors, brushes, and water (I always have paper towels available too for when I make a mistake or spill something) - You can use whatever you want to color with, though!
- A black pen or marker for outlining (Mine is a Faber Castell PITT artist pen with India ink that does not react with water, so I can outline before watercoloring.)

OPTIONAL:

- Page prep with Matte Gel Medium or Clear Gesso - This is completely optional - I did a very thin page prep this time, but many times I don't when using watercolors. If you want to prep your page ahead of time, here are some Bible passages I will use in the devotional content: **Matthew 5:9, James 3:18, Acts 15:36-41, Proverbs 15:1, Proverbs 14:1, Romans 12:18, and Colossians 1:20.** Simply spread a thin layer of either matte gel medium or clear gesso on the page and let dry or dry with a heat gun...which brings me to...
- Heat gun or hair dryer for speeding up the prepping or paint drying process
- Washi tape to secure the Bible page to the session printable while tracing

That's about it! Everyone is welcome! I can't wait to chat with you in the Facebook group and during the session! Praying God blesses you through this conference and beyond!

P.S. If you haven't grabbed your 10-day devotional ebook with Bible journaling printables from my session site, it's free! Let's keep up that momentum even after the conference!
